

Product Recall

Westrope is excited to announce new markets specializing in customized Product Recall programs.

Product recall programs are complex and the typical “add-on” coverage or general liability endorsement is very narrowly defined. **DO NOT** wait to find out until after your client has a recall they don’t have the coverage they thought they purchased.

- ◆ Is the cost to replace the product included?
- ◆ Is insured’s resulting lost income covered?
- ◆ What are the events that trigger coverage?
- ◆ Is the insured and their distributor covered for loss of income?

Recent Product Recall Accounts

Type of Risk	Limits	Premium
Pizza Crust	10MM/\$25,000 Ded	\$98,200
