### Miscellaneous Professional Liability Market Update

The Professional Liability market for Financial Institution and Real Estate related accounts (mortgage brokers, real estate agents, title agents etc.) continues to experience premium rate increases, while other professional organizations are experiencing stable to soft market pricing.

We recommend an early start to the new line or renewal quote process for the Financial Institution and Real Estate related accounts.

Those classes of business experiencing favorable pricing (depending on account specific circumstances) include architects & engineers, lawyers, insurance agents, franchisors, business consultants, staffing companies and technology consultants among others. Westrope has a book of over 200 classes (by SIC code) of Miscellaneous E&O.

**Westrope has access to the leading Professional Liability carriers and can market all classes of E&O business. Please contact your regional Westrope broker listed below to discuss your opportunities.**
